

Gain a handicap

This program has one purpose, to help you gain a handicap.

To play this golf around the world you need a 'golf passport', that is a handicap certificate. This allows other clubs and courses to know that you are competent at the game and that you will not hold up play. For £600 we will get you take you from start to finish!

Gain a handicap

This program will focus on six areas of improvement

Guidance and advice on club membership

To gain a handicap you will need to be a member of a golf club. We will guide you through this process and help place you in a club of your choice. We will guide you through the process of application and interview processes.

Discover the short game

We will guide you through the process of discovering the different types of shots that you need to play to be able to become competent at golf. This will include 'chip' shots, bunker play and 'pitch shots'.

Explore putting

We will guide you through the process of learning how to putt, with help on basic technique, distance control and green reading

Discover the golf course

You will be accompanied to the golf course to experience the game of golf.

Understand the rules and etiquette

We will help you gain an understanding of some of the 'do's and don'ts' and some of the basic rules that you will need to know

Become a competent ball striker

We will help you become a competent player through help and advice on golf swing and how to use all the clubs
