

Whether you are an elite golfer or a Sunday golfer looking to cut a few strokes off your round Greg Brodie Golf provides the platform that helps you answer these questions and improve your golf game, giving you a total golfing solution. The services provided enable us to cater for players of all standards and allow us to meet all their needs.

Greg has aligned himself with some of the UK's leaders in development, sports science and physiotherapy, incorporating academically proven learning techniques that enable the golfer to achieve outstanding results. The team are committed to offering you the highest standard of coaching. Irrespective of age or ability our focus is to exceed your expectations and help you to get more enjoyment from the game.

Golfers of all ages and abilities have the opportunity to work with a team of experts in order to ensure that they reach their potential. This is achieved through a holistic and integrated approach incorporating golf, medical and fitness professionals and the latest theories and technology.

One of the differentials of Greg Brodie Golf is that the team use an evidence based approach that underpins all action that is taken.

A player centered, coach driven, supported by science framework forms the team's methodology.

The coaching team are committed to the highest standards of service and all actively participate in continued professional development programs to ensure that they are aware of the latest theories and practices.

The latest in coaching techniques are used and one of the strengths of G.B. Golf is that the 'coaching tool box' is vast and varied and thus lessons can be given in the most basic form through to the most advanced
